GIOVANNI CIPOLETTI

PROFESSIONAL SUMMARY

Entry level IT and cybersecurity associate with CompTIA Network+ certification and hands-on experience in technical support, networking, and troubleshooting. Specializes in/skilled in hardware and software support, customer service, and collaboration based problem solving. Currently pursuing CompTIA Security+ and CySA+ certifications to further develop knowledge and credibility in cybersecurity, computer science, and information technology.

EXPERIENCE

PRO-SHOP RETAIL ASSOCIATE

June 2026 - Present | Greene County Country Club

- Processed member payments and maintained accurate daily records of course usage and billing
- Sold and promoted pro shop merchandise, assisting members with purchasing decisions
- Provided attentive member service across multiple areas of the club, including food and beverage service and cart operations
- Demonstrated flexibility and reliability by cross-training across departments to meet member and club needs
- Operated and maintained the golf simulator lab equipment / software.

IT/CYBERSECURITY INTERN

May 2025 - August 2025 | Washington Financial Bank

- Answered help desk calls and helped troubleshoot employee laptops, phones
- Analyzed and worked with SIEM software such as ManageEngine, as well as Microsoft and Adobe products
- Access to and education on numerous variations of physical and logical servers/firewalls within the company's networks
- Usage of Ubuntu on separate laptop to isolate drives for malware and general usage for familiarity
- Pushed out device updates and analyzing/rolling back problematic Windows system updates from ManageEngine

IT ASSOCIATE INTERN

May 2023 - August 2024 | Shaft Drillers International

- Set up laptops and phones for field and in-office employees
- Worked with coworkers to solve software/hardware issues presented by other employees
- Traveled to subsidiary sites in response to hardware and software issues
- Exposure to network management software
- Often tasked with taking apart laptops, desktops, other miscellaneous technology to address hardware malfunctions

GROUNDSKEEPER

June 2019 - September 2021 | Greene County Country Club

- Maintained sidewalks, driveways, parking lots, and lodging areas to uphold facility appearance and safety standards
- Lawn, fairway, sand trap, and hedge maintenance to preserve course quality
- Painted and maintained exterior building surfaces
- Other variations of physical labor when requested or assigned
